

# *Corporations with Charity Matching Gift Programs*

Not Meant To Be An All-Inclusive List  
For Use By Individuals Who Donate to CH-USA

By taking a few minutes to complete the necessary steps, donors can double or triple their gift to make an even greater impact with Christ's Hope USA

- Contact your company's matching gift administrator, human resources department, or public relations office.
- They will provide information about gift matching and instructions to complete the process.
- Send the company's corporate matching form and your gift to Christ's Hope USA

Many companies also match gifts made by retired employees. Corporations often have special qualifying processes for individuals who retired from their company, including different matching ratios. Contact your former employer for more information.

## **Check to see if the company you work for is listed below:**
